# THE MAYOR'S ADDRESS

Gentlemen of the City Councils:

One year of our administration of the city's affairs has passed, and we are about to begin the second and final year of our stewardship. I believe it is well and proper that we review briefly our work of the past year with the idea of profiting by any mistakes we may have made to the end that we who have been chosen to administer the affairs of our community may become more zealous and more proficient in the performance of our duties.

## FINANCE

I am pleased to report that the city's financial condition is excellent, as was demonstrated by the ready market at a good premium for the bonds recently sold on the market.

## HIGHWAYS

While there has been but little new construction of roads within the city, this department has been able to employ a considerable force with C. W. A. funds and with funds furnished by the State for Class V Roads. I strongly urge that these gravel roads be treated with oil this year as a matter of economy and to insure their permanency. I believe our city streets are as good or better than any other city in the state.

## FIRE DEPARTMENT

The fire department has had a busy year, and the new pumper purchased for the department has proved its value many times. My only suggestion is that the committee endeavor to create some plan for more frequent inspection of mercantile buildings, especially the basements and cellars of these buildings.

## PARKS

Much has been done on park improvements the past year. I congratulate the park commissioner on the success of his efforts.

## POLICE

A number of improvements have been made in connection with this department. All banks, with the exception of one, and the telephone office have direct telephone connections with the police station, and a police box has been installed from which the officers on beat make a report to the station every thirty minutes. Machine gun, gas gun, and gas clubs have been added to the equipment. The new police car is very useful both for police work and as an ambulance. A record system is being installed which should prove valuable for future reference.

## WATER DEPARTMENT

The outstanding accomplishment of this department was the successful extension of the water main around the Five Mile Drive.

This project, in my opinion, was well worth while and furnished a considerable amount of work for the unemployed, increased the fire protection for a large amount of property, and will eventually open up some very desirable property for the building of homes. I regret that funds were not available to complete the connection of dead ends, and hope that the committee may be provided with the money to complete this desirable improvement.

## CEMETERIES

The Sumner Knight Memorial Chapel was dedicated in September and is a beautiful building. The special committee under whose direction this chapel was built spent a great deal of time and effort in bringing to a successful conclusion the location and building of the chapel, and are entitled to your sincere commendation.

## HEALTH DEPARTMENT

So much has been published about what has been done in improving this department, that I will not tire you with details. I believe that the results of your action will prove the wisdom of our efforts and justify our endeavor to better safeguard the health of our people.

## WELFARE

Probably the most serious of all the problems that confront us in the immediate future is the matter of taking care of the unemployed and needy. As a Christian people, our duty is plain. That none shall suffer from cold or hunger should be our aim. Far better that we practice rigid economy in all other departments than that we fail in the duty we owe to suffering humanity. The head of this department has proven his efficiency. I trust you will give him your help and support.

## CONCLUSION

Gentlemen: The year 1935 is ahead of us. I take this opportunity to express to you, the members of the City Government and the heads of each and all of the city departments my most sincere thanks for your support and spirit of cooperation for the past year, with the hope that my conduct the coming year may be such that I may continue to merit the same support that has made my duties as mayor a real pleasure during the year 1934.

GEORGE F. T. TRASK, Mayor.

Keene, N. H., January 29, 1935.

Hon. City Councils,
Keene, N. H.

Gentlemen:

In accordance with the decree of the Probate Court I hand you herewith the check of Mrs. Margaret E. Emerson, Administratrix of the Estate of Clarence W. Emerson for $100.00. This is given as a trust fund, the income to be used annually in the care and improvement of one-half of Lot 476 in Greenlawn Cemetery in which Mr. Emerson is buried.

After acceptance of this fund please have the inclosed receipt signed and returned to me.

Yours very truly,

O. E. CAIN.

A JOINT RESOLUTION relating to the Clarence W. Emerson Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the City of Keene by its councils hereby accepts the Clarence W. Emerson Cemetery Fund of One Hundred Dollars, in trust, however, the income to be used in the care of one-half of Lot No. 476 in Greenlawn Cemetery in which Mr. Emerson is buried.

The City Clerk shall receipt for said fund which shall be invested by the Trustees of Trust Funds according to law.

Passed February 7, 1935.

---

A JOINT RESOLUTION relating to coordination of departments for relief purposes.

Resolved by the City Councils of the City of Keene, as follows:

That the Mayor, as Chairman, appoint a committee consisting of himself and two others, in accordance with a Joint Resolution passed March 16, 1933, to cooperate with the Overseer of the Poor, and other welfare agencies, and the other City Departments, to the end that the City of Keene shall get value received for all monies expended as aid to its ablebodied inhabitants; and that this committee shall report to the city councils at the first regular meeting of each month.

Passed February 7, 1935.

---

AN ORDINANCE relating to salary of Chief Engineer of the Fire Department.

Be it ordained by the City Councils of the City of Keene, as follows:

Amend Chapter XXXIV, Section 13 of the City Ordinances by striking out the words "two thousand" in line 2 and substituting therefor the words "twenty-four hundred".

Passed February 7, 1935.

---

A JOINT RESOLUTION relating to a Special Committee.

Resolved by the City Councils of the City of Keene, as follows:

That, for the future betterment of the City of Keene, there exists a need for change in the way the various City Departments are now being run, and that the Mayor forthwith appoint a committee consisting of himself, the City Solicitor, and five representative citizens, to consider the advisability of consolidating several departments of the City and setting up and maintaining a City warehouse and garage, of employing a full time City Treasurer, of remodelling City Hall, with a view to relieving the City of maintaining a public auditorium and to provide adequate office space for the various City officials, of disposing of land in the rear of the City Hall, in whole or in part, and of any other changes that may warrant their attention; which committee shall report to the City Councils at the second regular meeting in May, 1935.

Passed February 7, 1935.

AN ORDINANCE amending section 1 of the Building Ordinance.

Be it ordained by the City Councils of the City of Keene, as follows:

Amend Section 1 of an ordinance relating to the construction, alteration, maintenance and use of buildings in the City of Keene, known as the Building Ordinance, by striking out the last six words of line 5 and all of the remainder of said section and adding thereto the following: Section 1a. He shall act as City Engineer for all departments of the city and shall attend to all matters concerning the several departments of the city requiring the services of an engineer upon the request of the superintendent or committee having charge of such department.

Passed February 7, 1935.

---

AN ORDINANCE amending Chapter XXXIV of the City Ordinances.

Be it ordained by the City Councils of the City of Keene, as follows:

Amend Chapter XXXIV by adding a new section as follows: Section 23. The inspector of buildings shall receive in full for his services and for all duties required by the ordinances the sum of two thousand dollars per year, payable in equal weekly payments.

Passed February 7, 1935.

---

AN ORDINANCE amending Chapter XV, Section 1, City Ordinances.

Be it ordained by the City Councils of the City of Keene, as follows:

Amend Chapter XV, Section 1, by adding thereto the following: He shall also collect and receive all cemetery monies committed to him for collection by the superintendent of cemeteries and keep a separate account of all such collections and deposit the same with the city treasurer, taking a separate receipt therefor.

Passed February 7, 1935.

---

AN ORDINANCE amending Chapter VI of the City Ordinances.

Be it ordained by the City Councils of the City of Keene, as follows:

Amend Chapter VI, Section 3 by striking out the last four words in line 26 and all of the remaining section and substituting therefor the following:

He shall promptly make out and render all bills pertaining to his office as superintendent and sexton and for special work, made payable at the office of the tax collector and shall deliver to the tax collector a true record of all such bills at the time they are rendered. He shall pay no bills of any kind. Under the direction of said committee he shall have the power to contract for such materials and supplies as it may order, and all bills against the city on account of cemeteries, except the weekly pay-rolls, shall be approved by the superintendent and the said committee, and when duly audited shall be paid.

Amend Chapter VI, by adding thereto a new section as follows: Section a. Money received on account of the cemetery department, whether from sources pertaining to the customary duties of the superintendent and sexton or from special work, shall be treated as a fund for the payment of all bills which may be authorized by said superintendent on account of the cemeteries.

Passed February 7, 1935.

November 18, 1935.

City of Keene, New Hampshire.

Gentlemen:

Under the Last Will and Testament of Norman G. Nims deceased, provision was made for the perpetual care and maintenance, improvement and embellishment of the Norman G. Nims burial lot in Woodland Cemetery, Keene, N. H. This provision, as will be noted from the enclosed receipt, authorizes the payment of $200 in order to carry out the decedent's wishes and as Administrator, C. T. A., we enclose herewith our check for that amount and request that the receipt which accompanies the check be executed by an official of the City of Keene and returned to us. The voucher portion of the check should also be signed and allowed to remain attached to the check.

Very truly yours,
WALTER C. SIMONS,
Trust Officer.

A JOINT RESOLUTION relating to the Norman G. Nims Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the City of Keene by its councils, hereby accepts the Norman G. Nims Cemetery Fund of Two Hundred Dollars, in trust, however, the income to be used in the care of Lot No. 365 in Woodland Cemetery.

The City Clerk shall receipt for said fund which shall be invested by the Trustees of Trust Funds according to law.

Passed Nov. 21, 1935.

November 18, 1935.

The Mayor of Keene and City Council,
Keene, New Hampshire.

Sirs:

The Keene Woman's Club and Ashuelot Chapter, Daughters of the American Revolution are uniting in a program called International Institute to be given in City Hall, December 13, afternoon and evening.

For this all the ten or more nationalities represented in this City will bring exhibits of their treasures from their homelands and will present a program typical of the lands which they represent. The object of this is to foster a kindlier, keener appreciation on our part towards these people in our midst, and to give to them the opportunity of showing us some of the arts and crafts of the lands from which they came. It is a part of our Americanism project.

It has been decided by both organizations fostering this that all proceeds shall be devoted to the purchase of milk and cod liver oil for distribution among the school children of the City by the School Nurse.

Considering these two civic aims, Americanism and Child Health, we, the Keene Woman's Club and Ashuelot Chapter, respectfully petition you graciously and generously to grant us the use of City Hall without charge.

Most respectfully yours,
MRS. WILLIAM C. CHAPMAN,
President of Keene Woman's Club.
MRS. COWLING HILTON,
Regent Ashuelot Chapter D. A. R.

A JOINT RESOLUTION relating to City Hall.

Resolved by the City Councils of the City of Keene, as follows:

That the free use of the City Hall be granted to the Keene Woman's Club and Ashuelot Chapter D. A. R. Friday afternoon and evening, December 13th.

Passed Nov. 21, 1935.

Total Drains December 1, 1935, 163, 321 feet equals 30 miles plus 4,921 feet.
Catch Basins, 1,708; Manholes, 99; Grate inlets, 166.

All hydrants and gates have been inspected and repaired. Old meters that have been in service twenty years have been replaced with new ones.

The sewers have been cleaned and are in good condition.

The drains are in good working order, a number of catch basins have been rebuilt and new ones added.

I respectfully recommend that a separation of the Sewer Department from the Water Department be made, the Sewer Department expenses run by special appropriation of the City Council.

The Sewage Disposal System has been under construction since September 20th, 1934.

The pipe lines are now all laid and the Emhoff tanks and disposal field completed.

The Pumping Station structure is well along toward completion and with the installing of the pumps and grading about the grounds, should see completion of the Project about February 1, 1936.

PAUL F. BABBIDGE,
Superintendent.

# REPORT OF SUPERINTENDENT OF HIGHWAYS

To His Honor the Mayor and Gentlemen of the City Councils:

The following report of the Highway department for the year ending Nov. 30, 1935, is submitted.

Our work this year has been mostly a matter of maintenance with no new construction.

There is an ever increasing demand for oil treatment on our suburban roads. We have met the demand this year so far as we could do so by not oiling some of our city streets that were in quite good condition.

Excavations made necessary in the construction of the Sewage Disposal plant left several of our streets in bad condition particularly Winchester Court where trenches were so deep that the street was torn to pieces. All of these streets have been repaired. By agreement with the contractor we were allowed two hundred dollars toward the expense of repairing Winchester Court. This street has been graveled and treated with oil, both walks have been covered with stone dust and the street is in better condition than ever before.

An appropriation of $5,000 was made to repair West street bridge and to help towards expense of painting other bridges. We added two new lines of stringers, replaced several old stringers with new ones and completely re-planked with treated lumber. This bridge was built 35 years ago and was designed to carry the traffic of the times. With these repairs it is now in condition to carry loads permitted by our State laws.

We have previously called attention to the bridges over the Branch, and again urge a careful consideration of their condition. With the improvement of the Branch road traffic is becoming such that heavier construction is necessary.

We are reducing each year our cost of bridge maintenance by erecting permanent structures.

The bridge over the Branch in Main street was replaced this year by the State.

All bridges railings and buildings of this department have been painted as a W. P. A. Project. The Federal appropriation for labor being $1,123, and the City furnished supervision and material to the extent of $1,400.

Removal of car tracks in West street, Main street and Central Square was also undertaken as a W. P. A. Project. It also included the repaving. The Federal appropriation for labor was $1,760 and the City furnished supervision, labor, trucks and material to the value of $4,600.

The City funds thus used were taken out of our regular Highway fund.

Attention is here called to a recent petition presented to the Councils asking for a reconstruction of Woodbury street.

The usual amount of rubbish has been disposed of at the incinerator, and the customary spring and fall rubbish collections were made.

In addition to the appropriation made for moving barn in the City pasture, this department spent about $500 in repairing and grading around the building.

For some time tools, equipment and materials have disappeared from the buildings and property in the City pasture. We strongly urge that a suitable fence be erected to guard against further loss.

We have spent this year $2,596 in fertilizing, trimming and removing trees.

Statement of collections made by Highway department during the year.

# REPORT OF PARK COMMISSIONER

To the Honorable Mayor and City Councils:

This department is pleased to report that, during the past year, in addition to the regular care and upkeep of the various park areas, a considerable amount of development has been done with the co-operation of E. R. A. and W. P. A. projects in Robin Hood Park and the Drummer Woods. Through State and Federal aid the employment of 20 to 25 men who were on city or county relief has been possible for a period of eight months resulting not only in much progress in the development of these areas but in a saving to the city and county of over $10,000 in poor relief.

At Robin Hood Park, the clogging of the drainage pipe and the appearance of several springs during the early spring caused serious damage to the new recreation field, necessitating several cross drains and the installation of a new main pipe of twice the former capacity. With the completion of these changes, the installation of swings, teeters, and sand boxes as well as seats and tables in the adjoining grove, this area has seen such a large and constant use that its development already seems well justified. The old octagon reservoir has been cleaned out, graded and seeded as an outdoor amphitheatre with terraced approaches, and the latter planted with perennial plants and shrubs. It is hoped that the amphitheatre may be used for plays and pageants but the transformation is at least a visual improvement. The season at the swimming pool was the largest and most successful in its history and three life guards, instead of the former two, were necessitated by the crowds.

Increased use of Robin Hood Park by our own people and expressions from out of town visitors convinces the department that the city is fortunate in having this large and fine recreation area so near the city and during the coming year work is planned to make more available some of the still undeveloped portions of the property.

At the Drummer Woods, some forty acres near the old Gilsum Road were cleared of dead wood and undesirable growth to give the pine a chance to grow, and it is planned to continue this trimming during the coming winter with W. P. A. labor. On the brook near the center of the lot a twelve foot dam is nearing completion to create a small pond, not only for fire protection, but also, as it is surrounded by pine groves, for an attractive recreation spot. Old roads to this area from both Elm Street and the old Gilsum Roads are also being repaired. A long ski trail has been made down the hill and it is planned to develop other trails along old wood roads throughout the 130 acres.

Respectfully submitted,
ROBERT T. KINGSBURY,
Park Commissioner.

## REPORT OF CITY PHYSICIAN

December 16, 1935.

To His Honor, The Mayor, and the City Councils:

During the past year there has been much less illness among patients on city relief rolls and correspondingly less expenditure for City Physician fees. To the best of my memory, no city patients were hospitalized for obstetric care. All calls received have been attended to as promptly as possible.

I wish at this time to express appreciation for the cooperation of the District Nurses; and of the Overseer of the Poor in authorizing measures for diagnosis and treatment, which I considered necessary.

Respectfully submitted,
PHILIP B. DANIELS, M. D.

# REPORT OF HEALTH OFFICER

To the Members of the Board of Health, Keene, N. H.

I hereby submit a report of my work for the year ending December 1st, 1935.

I am very grateful to His Honor the Mayor and to the members of the city government for the support they have given me during the past year and particularly to the Land and Buildings Committee for their work in obtaining a place for a laboratory and health office and helping to equip it. Through their efforts the City of Keene has a municipal milk inspection laboratory and health office that compares very favorably with any in the State. Credit is also due Dr. A. A. Pratte; who died this year during his term as a member of the Board of Health; and the present members of the board for their efforts in the same matter.

I wish to thank the members of the Board of Health for their co-operation and assistance to me in getting a good start this first year. You were never too busy to stop and give me advice or assistance on any matter that came up.

The milk supply of the City of Keene has been greatly improved this year. Through the cooperation and assistance of the State Board of Health; whose inspectors have helped me whenever requested; we have obtained improved methods of handling, care of utensils and many improved stables and milk rooms. Each producer and dealer has been inspected, some of them many times, and wrong methods called to their attention for correction. There is yet much to be done but due to the present financial conditions some improvements could not be obtained. Milk samples have been collected and tested as often as possible and reports and criticism mailed each producer as soon as tests were finished. I have had fine cooperation from almost all the milk dealers and producers and I wish to take this opportunity to thank them for it.

Barber shops, restaurants, bakeries and all places where milk or food is sold or prepared have been inspected, many of them several times, and anything found unsanitary or illegal has been corrected.

Many complaints have been investigated and many nuisances abated.

Keene has been fortunate in not having many cases of contagious disease this past year. There have been no cases of diphtheria, typhoid fever or septic sore throat reported and only two cases of infantile paralysis. The absence of diphtheria is probably due in part to the administration of diphtheria toxoid to school children. It is apparent that a great many cases of children's diseases such as measles, whooping cough, chicken pox and mumps are not reported, due probably to the fact that most families do not call a physician in these cases. These diseases are reportable and should be reported to the Health Officer. There were also five cass of trichinosis, a not very common disease in this locality, which is caused from eating insufficiently cooked pork.

Following is a summary of some of the work done this year. This does not show of course the great amount of time spent in attending to correspondence, personal interviews and preparing laboratory equipment for milk work.

# REPORT OF CITY ENGINEER AND BUILDING INSPECTOR

Keene, N. H., Dec. 6, 1935.

To His Honor the Mayor and Board of Aldermen:—

My report is herewith submitted for the year 1935.

Engineering work this year has been mostly routine work, and work has been done in connection with the following City Departments, Highways, Water, Sewer, Drains and Cemeteries, the Park Commissioner, and the Lands and Buildings Committe. Lines and grades have been given on many streets for City construction work and sidewalk grades have been set for property owners when they were constructing houses or other buildings.

Large maps were prepared for the Cemetery Department, of Woodland, Woodland Extension, West Keene, and Greenlawn Cemeteries showing all burial lots with the names of the owners. A numerical and alphabetical index accompanying these plans.

Several vacant portions of Woodland Extension Cemetery being laid out into new lots and about 100 granite markers furnished and set by the Cemetery Department to mark the roadways and paths in these subdivisions. Each year all new data pertaining to cemeteries should be recorded on these plans and indexes, keeping them always up to date.

Street lines, not marked, should be properly marked at street intersections and angles by stone boundary posts set in the ground as called for by the street records. On other streets where records of the original layouts are incomplete, surveys should be made and the street lines established by the City Councils for the convenience of property owners. This is also very important in carrying out City Zoning laws.

Stone boundary posts have been set on several streets this year.

Building Permits to the number of 199 have been issued for construction work as follows:

New house numbers assigned this year, 13.

Respectfully submitted,
RALPH H. CLARK,
City Engineer and Bldg. Inspector.

## REPORT OF THE INSPECTOR OF PLUMBING

Keene, N. H.

To His Honor the Mayor and members of the City Councils.

I herewith submit my report as Plumbing Inspector for the year ending Dec. 1, 1935. During the past year I have contacted all persons doing plumbing independently and have required them to conform with the law by taking out a license.

I have personally inspected and tested all new installations, additions and alterations made in the City.

I find that the attitude of the contractors and plumbers is to conform strictly to the rules and I wish to thank them for their spirit of cooperation.

Listed below is a record of work done during year 1935.

## REPORT OF THE TRUSTEES OF KEENE PUBLIC LIBRARY

To the Honorable Mayor and City Councils:

Gentlemen: The past year has seen the library, with the splendid cooperation of its staff, meeting most effectively the countless demands made upon it. Its main function continues to be the furnishing of aid and counsel as well as books to those who wish to read for pleasure or profit. Both adult and juvenile borrowers have had a great variety of new books from which to choose. The budget has been planned to give especial attention also to the needs of the students and teachers of the community, who depend upon the library to supply much of their required reading. The reference, magazine and newspaper rooms have been unusually well patronized.

Library Hall is used regularly by the Historical Society of Cheshire County, and by the Council of the Parent-Teachers' Association and its Study and Pre-School groups. The Garden Department of the Keene Woman's Club has met there occasionally, and the club room has been used for various committee meetings.

With profound sorrow, the Board of Trustees records the death of one of its most valued members, Mary A. A. Prentiss. As secretary of the board for thirty-six years, Mrs. Prentiss gave ever wise and untiring service in the interest of the library.

Early in the year, the permanent board elected Mrs. Walter H. Lacey and Mr. Winfield M. Chaplin to fill the two vacancies then existing on that board.

The library statistics and details of the work are covered in the librarian's report hereby appended.

RUTH P. HUNTRESS, Secretary.

# REPORT OF LIBRARIAN

To the Trustees of the Keene Public Library:

The report for the year 1934-1935 is herewith presented.

## REFERENCE DEPARTMENT

Exact statistics are not kept of the number of people using the reading and reference rooms, or of the questions and telephone calls answered, but undoubtedly such a record would equal if not excel that of any year. The demand for help from books indicates that the public has found the advantage of the public library and turns to it in all kinds of problems. This places upon us the necessity for an adequate supply of up-to-date material in books, pamphlets and magazines. The single text-book no longer suffices with the modern methods of teaching and the library must supplement it with many and varied sources.

## CIRCULATION

The records show that the total number of books borrowed is 98,178, from which we may judge that business and employment are in better condition than two years ago when the library experienced such a large increase both in number of borrowers and books circulated. Almost all libraries felt that gain and few, very few, have kept up to that peak. Of the volumes loaned, fiction is a little more than three fourths of the whole, or 70,900. Literature, travel, periodicals, bibography and social sciences stand next in favor.

## OUR BORROWERS

There have been 865 borrowers registered and re-registered, of whom 408 were adult, 322 juvenile and 135 re-registrants. The whole number of borrowers' applications now on file dating from September, 1930 is 9,608. The registration period is six years. A new enumeration should begin next September.

## CHILDREN'S DEPARTMENT

The circulation of books in this department is about 19% of the total circulation and six times the number of volumes in the department. 8 story-hours were given, the largest attendance being 150, with an average of 96. Book Week which was observed in a variety of interesting ways, as you have seen from the accounts in the local paper, brought a very large number of young people to the librbary each day of the week and an extra assistant was required from three to six o'clock. We feel that the effort expended on making this week an attractive one is well worth while from the new interest awakened, not alone among the youthful patrons, but among parents and teachers. The circulation this year amounted to 18,316; of this number of books, 4,609 were non-fiction. 1,998 were loaned from the deposit at the Symonds School. 162 volumes were loaned to schools and 202 were circulated by the teachers for home use.

## THE BOOK COLLECTION

The number of books added this year is 1,044, of which 206 were gifts. 819 volumes were withdrawn, which leaves a net gain of 225 and brings the book stock to 30,021, not including several hundred pamphlets. We were favored in receiving a special gift of sixteen volumes from the Yale University Press, made possible through the generosity of "A graduate of Yale."

## SPECIAL ACTIVITIES

Classes from the Symonds Junior High School have been continued, book notes and articels on library work and conditions sent to the Keene Evening Sentinel—we are grateful for the space given us—and certain sections of the library have been re-classified to conform to modern library usage. The librarian and children's librarian have spoken before P. T. Associations and visited libraries, the librarian has attended two regional conferences, and an assistant has attended one.

The librarian acknowledges helpful suggestions from the Trustees and willing co-operation from the assistants.

Respectfully submitted,
MARY LUCINA SAXTON,
Librarian.

# REPORT OF CITY SOLICITOR

To His Honor the Mayor and Members of the Common Councils.

Your City Solicitor reports activities for the fiscal year ending November 30, 1935 as follows:

At the beginning of the year the City of Keene was involved in the following suits.

Sprague & Carleton, Inc. vs. City of Keene.
Kingsbury Manufacturing Company vs. City of Keene.
Leon C. Norwood vs. City of Keene.
New England Woodenware Company vs. City of Keene.
Perley F. Safford vs. City of Keene.
American Crystal, Inc. vs. City of Keene.
George Delay vs. City of Keene.
John Elliot vs. City of Keene.
Elliot Brothers vs. City of Keene.
Kingsbury Machine Tool Corporation vs. City of Keene.
John A. Booras et als vs. City of Keene.
Perley F. Safford vs. City of Keene.
John Elliot vs. City of Keene.
Faulkner & Colony Manufacturing Co. vs. City of Keene.
American Crystal, Inc. vs. City of Keene.
International Narrow Fabric Company vs. City of Keene.
George Delay vs. City of Keene.
Crescent Company of Keene, Inc. vs. City of Keene.

The following actions are new actions brought during the present year against the City.

Faulkner & Colony Manufacturing Co. vs. City of Keene.
Waldemar Christopherson vs. City of Keene.

The following action was pending by the City of Keene at the beginning of the year.

City of Keene vs. Ida Tatleman et als.

In the list of suits all of the actions with the exception of the one of Waldemar Christopherson vs. City of Keene were brought for abatement of taxes. Several of these cases have been disposed of without hearing, as follows:

Sprague & Carleton Inc. vs. City of Keene.
Kingsbury Manufacturing Co. vs. City of Keene.
Leon C. Norwood vs. City of Keene.
New England Woodenware Corporation vs. City of Keene.
Perley F. Safford vs. City of Keene.
George Delay vs. City of Keene.
John Elliot vs. City of Keene.
Elliot Brothers vs. City of Keene.
John A. Booras et als vs. City of Keene.
Crescent Company of Keene, Inc. vs. City of Keene.
John Elliot vs. City of Keene.
Elliot Brothers vs. City of Keene.
Perley F. Safford vs. City of Keene.
American Crystal, Inc. vs. City of Keene.
International Narrow Fabric Co. vs. City of Keene.

This leaves now pending before the courts the following suits for tax abatement.

Kingsbury Machine Tool Corp. vs. City of Keene.
Faulkner & Colony Manufacturing Co. vs. City of Keene.

This reduction in the number of tax abatement suits pending against the City puts the City in a better position in respect to this type of suit than it has been for a number of years.

In the matter of the suit brought by the City of Keene vs. Ida Tatleman et als, there has been considerable comment during the past year among those

who possess a facility for destructive criticism relative to the time which it is taking to settle this case. I think therefore that it should be stated that the attitude of the defendants in this action is not one of opposing the City of Keene but one of willingness to cooperate so far as they are financially able. There is no question but what this so-called "automobile grave yard" case is a clear violation of our zoning law. The difficulty however lies in the fact that the matter has been allowed to continue for so many years that the cost of removing the junk now on the premises amounts to considerably more than the value of the land itself and amounts also to a sum which it is impossible for the defendants in this action to pay. Your Solicitor has had numerous conferences with the attorney for the defendants and an attempt is being made to work out some arrangement which will improve the appearance of this property but which at the same time will not impose an impossible heavy financial burden on the defendants. In the meantime the defendants have definitely agreed to add no more junk to the present collection. It is the opinion of your Solicitor that the strictly legal rights of the City in this case should be tempered with a certain amount of common sense. Acting on this basis I am proceeding with an attempt to reach some compromise in this case which will at least partially effect the purpose desired by you and at the same time be a financial possibility for the defendants.

The action of Waldemar Christopherson vs. City of Keene is brought for a determination by the court of the damages which should be paid to Mr. Christopherson for certain land taken by the City of Keene in connection with the Sewage Disposal Project. In connection with this matter the Mayor and Board of Aldermen took the land by eminent domain under our statutes. After due deliberation they awarded to Mr. Christopherson the sum of two hundred dollars ($200), which sum has been tendered by your Solicitor to Mr. Christopherson but refused by him. It is probable that this action will be disposed of either by trial or by settlement during the coming year.

During the year 1935 there has continued to be considerable legal work concerning the so-called Sewage Disposal Project undertaken by the City of Keene under the direction of the Federal Administration of Public Works. Your Solicitor has cooperated in every way with other offices of the City to secure a speedy completion of this work.

Under your direction the City Solicitor has undertaken a new compilation of the City Ordinances. This represents a considerable amount of work which he has had to carry on evenings to avoid interruptions. The work is practically finished and your Solicitor expects to submit the new ordinances for your approval at the second meeting of the City Councils in December 1935.

Respectfully submitted,
JOHN R. GOODNOW,
City Solicitor.

## REPORT OF SUPERINTENDENT OF CEMETERIES

To His Honor the Mayor and Gentlemen of the City Councils:

I submit the report of the Cemetery department for the year ending November 30, 1935.

Aside from the regular routine work have had 106 adult burials and 10 infant burials during the year.

We have made ninety new lots in Woodland Cemetery, N. E. D. so that there are now some over one hundred lots available.

During the year new maps have been made of Woodland, Greenlawn and Woodland N. E. D. also the West Cemetery.

We have spent some over $500.00 for work on trees, including taking down dead trees and trimming others, also work on gipsy moths.

A new snow plow has been purchased at the expense of $265.00, this was used during last winter and we feel that it has nearly paid for itself in one season.

We have sold 9 four grave lots, 2 three grave lots, 1 two grave lot and 2 single graves.

Collections for the year have been $3,164.15.

Bills receivable, $1,180.00.

Respectfully submitted,

F. C. POTTER,
Superintendent.

Dec. 17, 1935.

## REPORT OF COMMITTEE ON PUBLIC PLAYGROUND

To His Honor the Mayor and Gentlemen of the City Councils:

The City Playground Committee hereby submits its report for the year 1935.

The detailed report of our Director discloses value received by the City of Keene.

The ever increasing attendance brings to the surface the fact, that the work of the Playground Supervisors is carried on with knowledge and care.

New equipment and more Supervisors are needed for the year 1936, hence we appeal, in the interst of the Children and their safety, that your Honorable Board will increase the playground appropriation $200.00.

Our recommendation is based on the fact that we have always kept out of the red.

Respectfully submitted,

A. W. PRESSLER,
LOUIS PIERRE,
SIDNEY A. NIMS,
MARGARET NEWELL,
JULIA HURD.

# REPORT OF WHEELOCK PARK PLAYGROUND

FOR SEASON OF 1935

Wheelock Park Playground, Season of 1935.
Adolf Pressler, Chairman of Playground Committee.

I. Purpose
- A. To care for the children during the day under special supervision.
- B. To keep the children out of doors and in the sunshine from a health standpoint.
- C. To help the children become better citizens through
  1. Learning to work and cooperate with others.
  2. Learning and applying the meaning of general cleanliness.
  3. Learning and trial applications of the method of preventing and extinguishing fires.

II. Attendance
- A. Largest—600.
- B. Smallest—125.
- C. Average attendance.
  1. Month of July—358.64.
  2. Month of August—491.45.
  3. For the season—425.04.
- D. Compared with last season.
  1. Month of July—increase of 125%.
  2. Month of August—increase of 300%.
  3. For the season—increase of 200%.

III. General Program:
9:00 flag raising.
9:00—10:00 organized games.
10:00—11:30 free activities.
10:30—11:30 painting (four days a week).
11:30—12:30 lunch period.
12:30— 3:00 free activity, group activities, special programs

IV. Activities.
- A. Apparatus—Sand boxes, seesaws, swings, ocean wave, slide, junglegym, pool—slide, rubber balls, boats, rubber boat.
- B. Games available—deck tennis, horseshoes, basketball, croquet, soft ball, baseball, bat ball, dodge ball, ringer.
- C. Organized game groups.

  The children were divided into age groups.

  7 years and under were under the supervision of Miss Spaulding and Miss Gooch.

  Girls between 8 and 10 were under the supervision of Miss Callahan and Miss Thompson.

  Boys between 8 and 10 were supervised by Miss Whitcomb.

  Girls 11 years and over were under the supervision of Miss Kingsbury and Miss Newman.

  Boys 11 years and over were supervised by Mr. Wyman.

  Many and varied games were taught the children by their supervisors for an hour each day.
- D. Other Activities.
  1. Painting.

  Painting was introduced by Miss Walstrome who endeavored to teach the fundamentals of painting, as most of the children had never had lessons in paints.

  Scenes and forms were painted aiming for perfection in the fundamentals.

  This activity was introduced for the first time this year and was found to be very successful.

2. Story Telling—The stories of "The Adventures of Nils" and "Grim's Fairy Tales" were told half an hour each day.
3. Tumbling—Various forms and positions were taught in tumbling.
4. Singing—The singing of popular and well known songs accompanied by a piano was an activity which came three days a week.
5. Walks—Many walks in the neighboring woods were takekn which were in the form of nature studies.
6. Tournaments—Tournaments were held and completed in the games of horseshoe, deck tennis, soft ball, croquet, and obstacle races.
7. Park soft ball team—Many games were played with neighboring playgrounds and other organized teams in soft ball. This team was a new feature of the playground introduced by Mr. Wyman.
8. Swimming Lessons.
   Two instructors from the playground taught swimming at the Reservoir each afternoon. These lessons were only for the playground children.
   Notes signed by the parents were first brought before any child was admitted into the group.

E. Special Activities.
   1. Future Fearless Fire Fighters—The duties of these firemen were to keep the park clean, to watch for and report fires, and to fight any fires. They had their own apparatus and fire hose.
   2. Park Police Patrol—Six police, new ones chosen each day, helped the instructors to keep order and cleanline in the park.

V. Special Features.
   A. Cage of monkeys on exhibition.
      The children dressed and made up as monkeys were driven into the park in a truck escorted by a motorcycle cop. They were exhibited on the junglegym.
   B. Doll parade.
      The contestants filed across a platform where they were judged. Prizes were awarded.
   C. Track Meet.
      The children were divided into four groups according to age and weight. In each group were five events. Prizes were awarded.
   D. Corn Roast.
      Corn, hot dogs, and soda were donated. The corn and hot dogs were roasted in a big bonfire.
   E. Treasure Hunts.
      Treasure hunts were planned for both mixed and divided groups.
   F. Baseball and soft ball games were played with neighboring playgrounds and other organized teams.

VI. Accidents.
   No serious accidents occurred during the season of the playground.

Respectfully submitted,
EMILY B. WATSON,
Directress.

## REPORT OF WELFARE DEPARTMENT

To His Honor the Mayor and Gentlemen of the City Councils:

I herewith submit the report of the Welfare Department for the year ending December 1st, 1935.

From Dec. 1st, 1934 to Jan. 1st, 1935 all relief was carried on under the provisions of House Bill 417 which expired Dec. 31st, 1934.

From Jan. 1st, 1935 to April 1st, 1935 the relief was handled entirely by local authorities with no outside aid or supervision.

On March 13th, 1935 the New Hampshire Legislature enacted House Bill 296 which provided for the administration of relief under State Supervision. This bill was retroactive to Jan. 1st, 1935 and provided for a fifty per cent reimbursement to the Towns and Cities for costs of direct aid.

On Nov. 1st, 1935, the Welfare Department was notified by the State that we would not be reimbursed for direct relief expenditures after that date as their appropriation for that purpose was exhausted. The City will have to be prepared to carry on alone until July 1st, 1936, at which time another appropriation will become available for the reimbursement of the Cities and Towns within the State.

Listed below is a record of direct aid expenditures and reimbursements received.

| | Expenditures | Reimbursements |
|---|---|---|
| December 1934, | $1,420 85 | |

# REPORT OF THE CHIEF ENGINEER OF THE FIRE DEPARTMENT

To His Honor the Mayor, and Board of Aldermen:

I hereby submit my report for the year ending November 30, 1935.

There were 34 bell alarms, 414 still alarms, making a total of 448 alarms; 16 of these calls were out of town.

| | |
|---|---|
| The estimated value of buildings damaged by fire, | $527,100 00 |
| Damage to buildings, | 16,757 19 |
| Insurance on said buildings, | 432,000 00 |
| Insurance paid, | 16,757 19 |
| Value of contents of buildings, | 60,290 77 |
| Damage to contents, | 6,073 06 |
| Insurance on said contents, | 46,427 88 |
| Insurance paid, | 6,073 06 |

The number of alarms the department has answewred for the year is 448; this is 31 less than that of last year. Chimney fires is the largest part of the alarms the department answers.

The fire loss for the year is what would be called a fair average, as there were no large fires during the year. There were a number that the loss would exceed $1,000, and with the number of alarms the loss was reasonable.

The building inspections carried on during the year show that the business men in their Stores, Office rooms, Garages, Hotels and shops, keep their places in very good condition.

The Motor Fire Apparatus and its equipment are in very good condition Most of the apparatus in the department has been painted or re-finished. Engine No. 1 painted, Engine No. 2 varnished, Ladder No. 1 painted, Combination No. 1 and 2 painted, also Chief's car varnished. The department was lucky to get a painter to do the work here at the station, also his price for labor was very reasonable. There was no time that the apparatus being painted was out of commission, but that it could be used if necessary. The permanent men at the station painted Combination No. 2. This makes the apparatus look as good as new also it is much easier to take care of.

There has been added to the equipment, during the year the necessary attachments for the use of 1½ inch hose, viz: Nozzle tips so that the small hose can be connected to the end of the large stream, also a two-way siamese so that one 2½ inch hose line will supply two 1½ inch hose lines, also reducers from 2½ inch to 1½ inch for hydrant connections direct to 1½ inch hose, 1,000 feet of 1½ inch hose was purchased for this purpose, 100 feet is carried on each pumping engine to be used as leader lines.

A good many fire departments throughout the country are placing this small hose equipment in their departments, as the water loss is much smaller and it is very much easier to handle, and also a good number of fires in the residential sections can be handled with these small lines of hose.

The department has on hand 9,900 feet of 2½ inch double jacket rubber lined hose, and 200 feet of unserviceable hose, also about 1,200 feet of linen unlined hose in hose house at South Keene, and 1,000 feet of 1½ inch single jacket rubber hose.

There has been turned over to the Water Department 100 feet of unserviceable hose.

The Fire Alarm System is in very good condition.

There has been purchased this year a new set of battery for the fire alarm, this purchase did not require only half as many cells of battery as before on account of the rectifiers which were installed last year and takes the place of one set of battery.

There have also been purchased two fire alarm boxes for replacement, No. 41 Middle Street cor. Center, and 113 Railroad Street cor. 93rd.

## DEATHS

Three deaths occurred in the department during the year.
Associate Engineer Fred W. Towne died January 1, 1935.
Private Harry V. Roache, Deluge Hose Company, died April 17, 1935.
Assistant Engineer Dennis J. Foley, died August 10, 1935.

The Board of Engineers recommend the purchase of 1,000 feet of fire hose, two fire alarm boxes, and a booster pump for Combination No. 2. There will also have to be purchased some new tires for some of the apparatus during the year.

To His Honor the Mayor, Members of the City Government, Joint Standing Committee on Fire Department, Officers and members of the Fire Department, and to the Police Department, I extend my sincere thanks and appreciation for the aid and support rendered me during the year.

Respectfully submitted,
EUGENE B. RILEY,
Chief Fire Department.

| | $45,008 44 |

We recommend that the sum of $219,000.00 be raised by taxation.

The elimination of some items of extraordinary expenses recommended by department committees does not necessarily indicate the disapproval of your commiittee. We feel that items of this nature should be discussed and approved by the incoming committees before becoming a part of the budget.

We recommend the continuance of the policy of strict economy throughout all departments until such time as the extraordinary relief burden may be reduced to a normal appropriation.

Signed:

GEORGE F. T. TRASK,
WINTHROP FAULKNER,
CHESTER L. KINGSBURY,
RICHARD T. CALEF,
Joint Standing Committee on Finance.

December 18, 1935.

# REPORT OF CITY AUDITOR

To His Honor the Mayor and Members of the City Councils:

I have examined the bonds, notes, deposit books and other securities belonging to the City in the hands of the city treasurer and the trustees of trust funds, and find the same correctly set forth in the proper schedules to be printed in the annual report.

I have also examined the books and vouchers of the several officers and find that collections and deposits for the year ending Nov. 30, 1935 agree with the recapitulation of the receipts and expenditures reported by the finance committee.

I have examined verified and allowed all claims paid by the City during the fiscal year, amounting to $1,045,157.30 and the disbursements as reported by the City Clerk agree with the entries made by the Auditor in his book.

Respectfully submitted,
WALTER M. HUBBARD,
Auditor.

Keene, Dec. 16, 1935.

# VITAL STATISTICS

# VITAL STATISTICS

To His Honor the Mayor and Gentlemen of the City Councils:

In compliance with an act of legislature, passed June session, 1887, amended by the legislature of 1889, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths to the municipal officers for publication in the annual report," I herewith submit the following:

FRANK H. WHITCOMB,
City Clerk.

City Clerk's Office

City of Keene, N. H., January 1, 1936.

To all persons having claims against the City:

All persons furnishing materials or services for the city should be careful to take the name of the persons ordering such materials or service, should inquire against what department the charges should be made, and when there are charges belonging to the different departments, separate bills should be made, including only charges belonging to each department. All bills must be approved by the person or committee authorizing the charges. Persons furnishing materials or service for the city may call for claims, which have been properly approved, and allowed by the Auditor, on Saturday afternoon and evening at the City Clerk's office, No. 3, City Hall.

Frank H. Whitcomb,

City Clerk.
